JavaScript, HTML 5, CSS 3, jQuery, NodeJS + Express, Wordpress, Java, Python

Software

Balsamiq Mockups, Sketch, Photoshop, Illustrator, InDesign, AfterEffects, Keynote (Presentation and prototyping), PowerPoint, Axure RP

Work Experience

UX Designer
University of California, Office of The President
Oakland, CA Sept 2015 - Present

Designer working on the broad variety of internal web applications maintained by UCOP. I organize, schedule, and lead the user-centered research and design effort on my team. I work both on incorporating new features into existing applications and also developing entirely new products, taking client requirements from concepts and ideas to fully designed mockups and interaction specifications.

UX Interaction Designer
BitTorrent, Inc. San Francisco, CA Mar 2014 - Apr 2015

Interaction designer on the μ Torrent Windows desktop application used by 100+ million users worldwide. I worked on a SCRUM team of developers, marketers, and a product manager. My weekly processes included ideating with a visual design partner, creating wireframes to communicate ideas, and testing prototypes with users.

UX Designer
Pearson-MHCI Capstone Pittsburgh, PA Jan 2013 - Aug 2013

Worked on a team of 5 to research, design, and develop a prototype learning management dashboard. Utilized contextual inquiry, literature review, and competitive analysis to understand user needs and product market. Iteratively prototyped and tested a novel UI, which Pearson purchased for implementation in their product line.

Fun Facts

Los Angeles born and raised, but not afraid of the cold; HUGE fan of ice cream and dessert in general
